March 16, 2011 - Hello, I want to create a recovery partition using Symantec Ghost 11.5 on any laptop or computer. Edward Tippelt Mar. Why do you think you are using this program? Do you want to recover files deleted using secure deletion? Have you forgotten your PC password? Do you want to recover data damaged by a virus? Do you have problems with your hard drive and need files to recover? Do you have system performance problems and want to fix them? Are you going on vacation and want to restore your data? Is your computer not working properly? What do you think of this program?
