
Fantasy Grounds - Fantasy Grounds Scifi Interiors Map Pack Free Download

Download

In the near future, we all live in massive cities no matter where we live. Facing an even more dire situation is our lack of controls on space exploration and the ominous trend towards isolation and even more worrying is the fact that a scientific disaster has unfolded, forcing the international government to retreat to Earth's moon. The start of the game is an unmanned mission to the lunar surface. Player Movement: -Move the camera along with the cursor or use pan & zoom tools. (Pressing shift will zoom in and shift-zoom out) -Hold the left mouse button to make the camera slow down to move, and release to zoom in for more details -Use the

up and down keys to pan the camera, page up and down to get more options, or keep the up and down keys pressed to move fast (use shift or the right mouse button to hold fast).
